Machale etc. were present. Hon Baburao Gaikwad said in the presidential speech, if every person understands the information about the historical events, temples and places of his area. Our heritage will be preserved. This heritage will inspire the next generation.

The government is trying to best to preserve the historical and cultural heritage of our country. As a part of this, a national seminar on heritage and sustainable development in rural areas like Sangola is being held in collaboration with Sangola Mahavidyalaya. This will create awareness among students and researchers about historical and cultural heritage. While doing the development work, the government sometimes comes in the way of the historical heritage sites. In such a time, along with the development work, public sentiment is important. People's participation is important while taking a coordination role as an administrator. This means that people's participation is important in the preservation and conservation of historical heritage. Assistant Director of Archeology Department, Dr. Vilas Wahane asserted that 'in heritage preservation and conservation' Explained while guiding about the role of the government.

Dr. Maya Patil while presenting on the topic of temple architecture and heritage in this seminar said that temple is considered as a social institution in our country. He said that preservation of temples is the need of the hour to preserve the historical and cultural heritage. Folk art is important for religious practice and entertainment. Explaining that heritage is preserved, Dr. Ravindra Chincholkar asserted that the role of media is important in heritage conservation. In this seminar, Dr. Prabhakar Kolekar guided about cultural and religious tourism. Dr. Virag Sontakke online about Buddhist heritage obtained from excavations in Maharashtra. Guided. Principal in-charge Dr. Suresh Bhosale expressed his interest. Prof. P. C. Zapke presided over the concluding program of the seminar.

In the introduction, the coordinator Dr. Sadashiv Devkar explained the role behind the organization of the seminar. I thank to the co-coordinator Dr. Mahesh Ghadge.
